

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

According to a news release from the Department of Treasury, for every penny in circulation, there is one in hiding. The Treasury has launched a campaign to get these pennies back into circulation because of the current shortage.

According to their estimates, there are 30 billion pennies in circulation and a like amount hidden away in dresser drawers, shoe boxes, pickle jars and just about anyplace else that pennies can be lost or hidden.

According to the news release, one billion pennies returned to circulation would save the taxpayers \$10,000,000. If just half of the missing pennies (15 billion) were returned to circulation, the Mint wouldn't have to make pennies for almost two years and it would represent a saving of \$150 million.

In an effort to get some of the pennies back into circulation, the Treasury Department is offering a special citation to the individual or group that returns \$25 or more in pennies to the bank.

But maybe more important than this certificate is the possible inflationary effect this current penny shortage could have. If pennies become too short in supply the old 19 cent item will become 20 cents, the 49 cent item will become 50 cents and the 98 cent or 99 cent item will become \$1.

And before the price of copper took a drop, there was some talk of doing away with the penny and going to a 2½ cent piece. But if you did that what would happen to the popular 1 cent sale? And what would you call penny-ante? What about all of those old homey sayings? How would you like "Two and-a-half-cents saved is two-and-a-half cents earned?"

Maybe we all just need to look around and get those pennies back into circulation before we bring the whole economy to a halt—for the lack of a cent.

The following is reprinted from the Perryton Herald. While we do not have the feed lots in this part of the country that they do up in the Panhandle, cattle is still one of our major agricultural commodities and our problems are the same as theirs.

"The plight of the cattleman, who has taken a financial beating for the past 15 months, hasn't attracted much attention outside the immediate area where he is being skinned.

"Unfortunately, in the metropolitan areas of this country, the drop in cattle prices is cheered because to a city dweller it means cheaper meat in the market.

"The sad thing is that although cattle prices have dropped alarmingly, there has been only a small drop in the price of meat.

"The cattle feeding industry has grown to be a giant in this part of the country and due to a fortunate combination of climate, availability of sites, closeness to feed grains, the beef industry has turned out fat cattle for packing houses at the most economical rate ever before known.

"Right now, there is not a feedlot that is not in financial trouble. Some of them are bankrupt and others are close to it. Some of the largest and strongest financially are going under.

"This situation will not mean cheap beef for the housewife. It will mean that the supply of fat cattle will dry up and there will come a time when meat will have to be much more expensive because there won't be much of it.

"Rep. Bob Price has introduced a bill to establish a \$3 billion revolving loan insurance and loan guarantee fund, at 5.5 percent interest.

**NEW EQUIPMENT**—Melvin Scott, right, combination man for Southwestern Bell Telephone Co. here, shows Mrs. Bob Tegart, a former employee the involved wiring being installed along with other equipment to make ready for changeover expected July 1. The extended area service will include Stamford and Anson. Mrs. Tegart was chief operator here until her retirement.

### Phone Users Must Dial All 7 Digits

Effective June 17, Hamlin telephone customers must dial all seven digits when calling other Hamlin numbers, according to Bud McCasland, area manager for Southwestern Bell Telephone Company. He said the first seven digit dialing will be required because of the forthcoming extended area service arrangement with Stamford and Anson.

"We realize," McCasland said, "that Hamlin customers have dialed only the last five digits of local telephone numbers for years, but necessary equipment modifications will now force dialing of the first two digits as well."

"The prefix digits for Hamlin are 576. As of June 17 if only five digits are dialed the call will not go through," he added.

### \$1.50 PER \$100—

## School Board Adopts Same Tax Rate Again

The Board of Trustees of the Hamlin Independent School District voted to set the tax rate for the coming year at \$1.30 for local maintenance and 20 cents for bond retirement, for a total of \$1.50 per \$100 valuation. This is the same rate as this past year.

A projected 38 percent increase in oil values is expected to permit the School District to meet the increased costs of operating the district at the old rate. The oil values are expected to increase \$3.4 million over the past year.

Total values for the district are projected at \$28,164,003. The total budget for the district for the coming year will be \$748,107 which will include a cost of living increase for all employees as well as other increased cost of operating the schools.

The board voted to seek additional bids on repairing the roof damage to the Elementary School Building. The roof was damaged in the hail storm earlier this year.

The board also accepted the resignations of five teachers and two aides and granted a leave of absence to one teacher. Teachers resigning were Miss Lola Milstead, junior high math; Maggie Seymour, fifth grade; Ray Hill, high school math; Steve Cochran, high

The Rev. Smith and his wife have one son, 7, and a daughter, 4.

contest will be held Saturday about 6 p.m.

A barbecue for all contestants will be held Saturday evening. Extra tickets will be available for \$2 each.

Six eight team flights will be in competition. Entry fee is \$22.50. Prizes will be set of Wilson irons, first; set of Wilson woods, second and Wilson bag, third.

Jim Hastings is tournament chairman. A number of early entries have been received. A good crowd is expected.

Jim Russell Stinnett, son of Louis Stinnett, received a two-year associate degree during spring commencement at Tarrant County Junior College in Fort Worth.

school distributive education; and Elizabeth Motley, third grade.

Aides resigning were Julie Villareal and Estella Gomez. They were replaced by Deloris Washington and Vera Hooper. Mrs. Randy (Rebecca) Brown, first grade teacher, was granted a leave of absence.

The board is seeking two kindergarten teachers, two math teachers and a D.E.

### Spray Program Office Opens

The Jones County Bollweevil Association office will open in Anson Monday, June 17, for signing up for the early season bollweevil control program. The office will be open from 8 a.m. until 5 p.m., Monday through Friday. Price of the program will be \$1.95 per acre.

### To Meet Mon.

The Hamlin Ag Club will hold their regular monthly meeting at the high school Vo-Ag building Monday night, June 17, at 8:00 p.m. Jim Arnold of the Spur Experiment Station will bring the program. He will tell of the success of the drylot cow-calf operation at the Station.

### TO OPEN MONDAY—

## Child Day Care Center Sets Open House Sunday

Open house at the new Child Day Care Center will be held Sunday afternoon from 3:30 to 5 o'clock. The Center which is set up to care for 35 children, located at the corner of North Central and East Lake Drive, will open Monday morning.

The public is invited to attend the open house to see the building and furnishings that have been prepared for the use of the center.

The Day Care Center is sponsored by the Hamlin Board of Community Development but it became a community project to make it a reality. Last October to raise funds to begin the center, a city-wide carnival was held at the Jaycee Community Building with many organizations participating.

After McCoy Funeral Home moved to a new location, the firm agreed to allow the BCD to have the building on a lease-purchase agreement.

Mrs. L. C. Bonds, BCD executive secretary, said the BCD has only to make payments on the building and did not have to pay any equity in the building.

She said if the BCD pays off the remainder of the note, the building belongs to them, but if the day care center folds before the note runs out then McCoy will take the building back without any penalty.

Several setbacks in the preparation of the facility delayed opening of the center but all seems to be in readiness for the Sunday open house and Monday opening. Paperwork for the licensing was time consuming and some problems with plumbing were encountered. The roof was damaged by hail and will have to be replaced.

During the school year the vocational agriculture students at Hamlin High School, under the direction of Milburn Wink, took the center as their project for the year.

The 42 youths stripped the wooden fence from around the lot and razed a frame house that was on the back of the lot. The fence slats were used to make benches and stools to go into the play rooms. A playhouse was also constructed for the outside play area.

The vocational agriculture students also built play kitchen equipment.

The building is about 51 by 31 feet and has rooms that will accommodate three age levels. There are three bathrooms, a kitchen area with dishwasher and an office. A milk machine is also to be installed.

### Vo Ag Dept. Offers Course In Welding

As an extra benefit to Vocational Agriculture students, the Hamlin Vocational Agriculture Department is offering welding to its students this summer.

The program started Monday June 10 and the Vo Ag shop will be open to these students on the following dates: June 10 through June 14, June 17 and 21, June 24 through 28, July 1 through 5, July 15 through 19, and July 22 through 26. The program will last from 9:00 to 3:00 on these dates.

The students may come and go as they please, unless otherwise specified by their parents.

The students will learn skills in welding and oxy-acetylene cutting. They may bring equipment in need of repair with them if they wish.

Letters have been mailed to most of the parents. If anyone has any questions on the program, they should call Gary Finley at the high school or at home.

Mrs. Bobby Crowley will be the director of the center. Two persons will be hired under the Manpower training grant. Two high school dropouts under the age of 22 will be eligible to work in the on-the-job training program.

A number of volunteer workers will also be needed in addition to the hired personnel.

A chain link fence encloses the play area. Children will enter the building at the west entrance.

Applications are being taken this week at the BCD office for children to go to the center. After the opening Monday, the children will be registered at the office at the center. Monday morning Mrs. Fred Smith and Mrs. Harold Williams will assist in registering the children. Headstart children who will be going to the center each day after Headstart classes must be registered. There are several vacancies and parents are urged to register sign up their children soon.

All children will be required to take the same immunizations as those required for public schools. Any children needing immunizations may be taken to the free state health department clinic in Stamford every third Tuesday in the kindergarten center.

The center will continue to be a community project and plans are to have a yearly carnival to help raise funds to carry out the operation.

## Bill Cork Wins 440 At National Track Meet

Bill Cork ran a 47.5 in the 440-yard dash Saturday to capture first place in the event at the third Annual International Prep Track and Field Invitational at Mt. Prospect, Ill.

Cork, who holds the Texas Class AA record in this event with a time of 47.2, was competing with the top high school track performers from around the nation.

Cork, who will be 20 Sept. 2, has been ruled too old to compete in the

Golden West Track and Field meet to be held in Sacramento, Calif., and although his first place finish Saturday qualified him for the AAU Junior Championship in Gainesville, Fla., he has been disqualified because of his age for this meet also.

He was accompanied to the meet this past weekend by his track coach, Bill Grissom.

Cork will attend Ranger Junior College this fall on a track scholarship.

**PIPER BAND MAJORETTES**—Cheryl Lewis, right, drum major for the Hamlin High School band for the coming season, will be joined by majorettes, from left, Jan Ford, Elise Kelley and Debi Cary, head, in leading

the band during marching activities. Cheryl is the daughter of Mr. and Mrs. Clyde Lewis. Parents of the other girls are Mr. and Mrs. Joe E. Ford, Mr. and Mrs. Parker Kelley and Mr. and Mrs. Robert Cary.

## Miss Perkins Honored With Gift Tea Here

Jackie Perkins of Big Spring, bride-elect of Craig Olson, also of Big Spring, was honored with a gift tea May 25 in the home of Mrs. Marshall Stewart.

Guests were greeted by Mrs. Stewart and presented to the honoree, and Mrs. T. J. Perkins, mother of the honoree.

The serving table was covered in white with an overlay of white net forming a full overskirt to the floor. Two rows of small pearls and red rose buds decorated the upper edges. Red and white carnations were arranged in a candelabra. Crystal appointments were used.

Hostesses were Mes. Stewart, Joe Norton, Donald Young, Jessie Hagins, Warren Reynolds, Steve Reynolds and Larry Farnsworth.

From a humble beginning, the day of remembrance of Father grew to national importance with President Woodrow Wilson having a Father's Day button pressed in the White House in 1916.

Praising Dad is nothing new.

One of the Ten Commandments is "Honor thy Father."

## Garden Club Sets Dates for Flower Shows

Dates for the fall flower show of the Hamlin Garden Club was set Nov. 3 and the spring show for Apr. 28, 1975, at a called meeting June 4 in the home of Mrs. Harold Bonner.

Other business at the called meeting included the election of Mrs. Bobby Stubblefield as a new member.

After the business meeting eight of the club members traveled to Roby for a pilgrimage.

Roby Garden Club members greeted the Hamlin group at the home of Mrs. W. W. Morton where coffee and cold drinks were served. Here they viewed the more than 300 varieties of day lilies and other numerous flowers. Other gardens visited were those of Mrs. Forest Teltner, Mrs. Edd Carter, Max Stuart and Mrs. L. L. Stuart.

FIFTY YEARS AGO

(June 4, 1924)  
The regular meeting of the Hamlin Chamber of Commerce met, Tuesday night of this week at the Morgan Hotel. There were about seventeen present, but from reports they did considerable business. J. W. Ezell was chosen to represent Hamlin in the Commissioner's Court, in the planning and construction of the Highways that were recently provided for in the bond election. It was also determined to have a picnic in Hamlin at a date to be decided later. Also it was thought best to have an entertainment committee to plan from month to month for suitable entertainment for the regular meetings.

At a later date the Herald will give fuller details about this week's meeting, but we may rest assured that every man present Tuesday night had nothing but the welfare of Hamlin and Hamlin community in view.

Peoples Pharmacy is in new hands again, beginning Saturday of this week. Mr. O. C. Newsom, the proprietor has sold to Sam King, known to most people as the "Garage Man." King was one of the original garage men in Hamlin and is one of Jones County's best business men. Mr. King has some valuable farm lands in this County and on the Plains. He will be welcomed back into the business realm of our city and his friends will wish him success in the drug line.

TWENTY YEARS AGO

(June 11, 1954)  
Full-time operation of the big Texas Pacific Coal & Oil Company gas refining plant, seven miles northwest of Hamlin on the Holly Toler place, got underway this week, according to Stanley Davis, T-P supervisor out of the Fort Worth office.

The \$500,000 plant was completed several days ago by Fish Engineering Company of Houston, and test runs have been underway for about two weeks.

A spreading gas-gathering system involving some 15 miles of pipelines in the East Hamlin oil and gas field supplies the plant with raw gas, from which are extracted butane, propane, LPG and gasoline, according to Davis. Residue gas will be sold to the Lone Star Gas Company as soon as pipelines are built by that concern to the T-P plant from nearby major lines of the wholesale natural gas distributor.

Huge storage facilities for the various T-P products have been erected near the processing plant. Gas products will be sold at the plant to wholesale distributors of this area, the supervisor said.

A regular crew of four men or more will be utilized to operate the new plant, which is located near the Texas Pacific field camp that has been in existence northwest of Hamlin for several years.

Best wheat harvest for the Hamlin territory in four years was in full swing this week, as probably half of the crop had been harvested. Incoming grain at the three buying stations was surprising the buyers as well as most of the growers.

While the yields are varying for the region widely because of spotted field conditions due to the recent rains average yields so far tabulated run from 10 to 20 bushels per acre.

High moisture content of the harvested grain was affecting unfavorably the grain market, but buyers were paying \$1.85 per bushel for No. 1 basis wheat Wednesday. The bulk of the grain was going into

the government loan, reported Moore Grain Company elevator. A loan value of \$2.06½ per bushel was in effect middle of the week.

Much of the wheat had already headed out before the recent rains, and this early fruiting matured these heads ahead of others that developed and ripened since the rains. For this reason the wheat has not been uniform for the most part, the buyers told The Herald Wednesday.

TEN YEARS AGO

(June 11, 1964)  
Joe D. Hymer, son of Mr. and Mrs. D. D. Hymer, received his doctor of medicine degree from the University of Texas Medical Branch, Galveston Wednesday. He will now go to Fort Worth for internship in John Peter Smith Hospital.

Dr. Hymer was graduated from Hamlin High School in 1953, and received his bachelor of arts from the University of Texas in 1960. He also studied at the University of Wyoming. He is a veteran, having served in the Army. He is married to the former Renee Moore of Hamlin. They have three children, ages 4, 2, and 3 months.

His preceptorship from February through April this year was under Dr. C. U. Callan in Rotan.

After interning in Fort Worth, Dr. Hymer plans to enter general practice.

The sixth annual rodeo sponsored by the Hamlin Riding Club will get underway here Thursday with a downtown parade at 4 p.m. The Hamlin High School band under the direction of Tim Jones will lead the parade. Mary Lois Patterson, drum major, Donna Compton, Jane Ferguson, Lynn Brannon and Glenda Hudspeth, band twirlers, will lead the band. The band will be dressed in blue jeans and white shirts.

Mr. and Mrs. Murl Don Smith of 239 West Lake Drive are the parents of a baby girl born June 6. She weighed 6 lbs. 12 oz. and was named Mindy Sue.

And What Have You

Continued from page 1

through the Farmers Home Administration, specifically for cattlemen who are now unable to obtain credit through normal loan channels.

"Cattlemen must have capital if they are to restock the feedlots and help insure consumers of a continuing supply of beef. Many experienced cattlemen have lost their savings and equity and have just about run out of credit.

"The other people in this area, business and professional people, have a stake in the future of the beef industry because this has grown to the point where it generates millions of dollars for local economies and provides thousands of jobs in this area. It will be a tragedy if the feedlots have to shut down.

"Cattle people are used to being in a market which has its ups and downs. But they are not used to being in a market which has been zooming downward for so long that the entire industry is sick.

"Something has to give, and something has to happen pretty soon to give some relief to the cattle industry or it may be a long time before we can afford beefsteak. There just may not be any."

Mrs. Williams, the former Lucy B. Cooper, was the daughter of the late Mr. and Mrs. Ben Cooper. She and her husband, Perry O. Williams, lived in Hamlin and in California. He died in 1962. She moved back to California about five years ago.

She was a member of the Methodist Church.

Survivors include a son, Carl of Nevada City; a daughter, Josephine Sparks

of Napa, Calif.; a sister, Lillian Droke of San Antonio; several grandchildren and great-grandchildren, nieces and nephews. Two sons preceded her in death.

Nieces and nephews who live here are Mrs. S. C. (Mary) Hollis, Paul Cooper, Reed Cooper, Roy Cooper, and Elmer Cooper.

THE LIVING BIBLE. Paraphrased is available at the Hamlin Herald.

America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Neinda Philosopher Figures Way For Everybody to Get Rich On Market

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One is having a hard time understanding the stock market, his letter this week indicates.

Dear editor: While it has always seemed to me they were taking up time that could have been used for something more interesting, the television network newscasters every evening always give a report

on the day's stock market, how many shares were exchanged and how many points the average share rose or fell. To me this is about as interesting as a nationwide weather report on what the average temperature was for all 50 states at 2 o'clock in the afternoon.

However the other day something new crept in. Walter Cronkite reported that when a major bank in New York reduced its prime interest rate from 11.75 per cent to 11.60 per cent the stock market gained 19 points.

What this proves is that nobody listens to the networks' stock market report, because if they did somebody would figure out that if a drop in the interest rate of fifteen-one-hundredths of a cent can send the stock market up 19 points, think what dropping the interest rate a nickel would do.

If everybody in the country bought some stock a day before the interest rate came down, everybody would wind up rich, could pay off his bills and go back in debt at a much lower interest rate.

But times are too out of joint for something as simple as this. Why I read just the other day that a candidate had been indicted before an election. I never heard of that before. I thought you always waited till a man was in office and then indicted him. Then if he pleads guilty you give him a probated sentence so he can be free to write a book.

Say, I hope President Nixon is taking some experts along with him when he visits Russia so they can study capitalism. I understand the Russians, during the oil boycott which they secretly promoted, sold their oil right and left at double the usual

## NEWS FROM McCAULLEY

By MRS. FRED KEMP

An apology to Celotex for referring to them as U.S. Gypsum in our last weeks news.

Mr. and Mrs. Pete Forbes are sporting a Maverick recently acquired.

Jana Jeffrey has a new Grand Torina-graduation present from the parents, I suppose. Jana will attend McMurry this fall and plans to commute.

Newly elected school personnel already on the field are Paul Morris, superintendent who will assume his position July 1 and Larry Long, Coach. Mr. Morris lives in the Baptist Parsonage and Mr. Long has moved a trailer house next door to the Methodist church.

Larry and Nancy Rutledge are moving to a ranch near Lampasas in the near future. Larry has been our Ag chief the past few years and Nancy served as Teacher's Aide last year. We'll miss the Rutledges but expect they will enjoy ranching. Mr. Rutledge will be on duty until July 1 when he will turn the agriculture duties to Donnie L. Swink from Tarleton.

Tracey Dowell and Roy Hennington are redecorating the interior of the Post Office today.

Mrs. Vada Potts had several visitors this week. Her daughter Mrs. Doris McCarty and granddaughter Pattie Lou came Friday and

price and made enough profit to pay for the wheat they bought from us a year earlier at about half price with money they borrowed from us.

Yours faithfully,

spent the weekend. Daughter Shirley and husband Russel McClure came Sunday. Sunday afternoon Dixie Boyd and children Donnie and Mary stopped by. They had been visiting Mrs. Louis Boyd of Snyder. The Boyds have farms and many good friends in the McCauley Community.

Gene Steele and family visited this weekend in the home of Gene's parents, Mr. and Mrs. Virgil Steele.

Mrs. Bobby Yates, Russel and Mark visited in the home of Mrs. Frank Allen Sunday. The Jeffrey girls, Julie, Fonda and Jana are helping out in the Jeffrey Country Store this summer.

Farmers are taking advantage of good weather to patch up crops damaged by sand, water and hail last week. Duane Stephens stopped by the store and wondered how some people— we won't say who—have time to do a little fishing.

I believe Coach Larry Long is taking an inventory of athletic equipment— basketball suits, jerseys and the like. If you still have some on hand how about checking them in to him.

James and Max Kemp attended a 4-H Recordbook Planning Meeting in Roby Monday. It is time for 4-H Records to be completed and evaluated. At the recent 4-H Round-up in College Station last week one of the boys, Mark Guelker, was awarded a \$4,000 scholarship which will be very helpful in paying college expenses. 4-H Records well prepared helped Mark achieve this scholarship.

Brad and Stephanie Reed attended Bible School at the Church of Christ in Hamlin last week.

Linda Green has been visiting with parents, friends and relatives in Seminole the past week.

### COYOTE CONTROL MEETING SET IN HASKELL TUESDAY

A meeting to train farmers and ranchers on the use of the M-44 with potassium cyanide for coyote control will be held in the Community Building of the Haskell National Bank in Haskell on Tuesday, June 18 at 2:00 p.m., according to Jones County Extension Agent Kirby Clayton.

Only those who take the training will be allowed to use the potassium cyanide on their place.

If you need additional information please contact the County Agent's office.

### Lessons Set

Friday is the last day to sign up for swimming lessons according to Coach Bill Grissom who will teach the lessons.

Lessons will begin Monday, June 17, and there are still a few openings left, he said.

Guild Sets Workshop For Writers

The fifth annual Abilene Writer's Guild Workshop will be held June 21-22 at Hardin-Simmons University, with a faculty of four experienced writers.

Dr. Mary Capps of Snyder, Okla., will open the workshop with a discussion of poetry in the session of Friday morning, June 21. Dr. Capps has published four books of poetry and written numerous articles.

Vera Holding of Norman, Okla., will discuss article writing during the Friday afternoon session, stressing writing for the beginner and writing religious articles. She has published six books of poetry and prose and sold more than 100 articles in 1973. She teaches creative writing at Oklahoma University.

Elmer Kelton, noted farm writer from San Angelo, will discuss the selling of fiction Saturday morning with emphasis on the current market, particularly in the paperback field. Kelton has written 18 novels and is the winner of the Spur Book Award.

Jane Mosely of Austin will conduct the final session Saturday afternoon, discussing picture books from the standpoint of the editor. She is editor of children's books for Steck-Vaughn Publishing Co. in Austin.

Fee for the workshop is \$15 for the four sessions, or \$7.50 per day. Accommodations are available on the H-SU campus. Dorm reservations should be made with the Student Life Office at H-SU.

All big country residents are invited to participate in the workshop. For registration write Mrs. Elva Morrison, 833 Briarwood, Abilene, Texas 79603.

Singing Sunday

The Third Sunday Singing will be held at Calvary Baptist Church at 2 p.m. The public is invited.

Several quartets from surrounding areas are expected.

# Cheryl Lewis to Attend Farm Bureau Seminar

Cheryl Lewis, daughter of Mr. and Mrs. Clyde Lewis, and John Trice of Lueders have been selected by the Jones County Farm Bureau to attend the 12th annual High School Students Citizenship Seminar to be held July 15-19 in Waco. J. C. Moss of Anson, president of the county bureau, made the announcement.

The Jones County youth will be among more than 500 students from over the state entering the eleventh and twelfth grades in September who have been selected to attend the seminar on the basis of leadership ability and scholastic achievement.

Sponsored by the Texas Farm Bureau, the seminar is held on the campus of Baylor University. Its purpose, according to Moss, is to convey to the students a better understanding of our American heritage and the capitalistic private enterprise system "that has made ours the greatest of all nations."

He also said they will be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

Attendance is not limited to students from Farm Bureau families, but is open to those who reside in towns or cities as well as rural areas. Their attendance is sponsored by the local county Farm Bureau.

## Gary Carson On Honor List

Gary K. Carson was named to the Dean's Honor List at Texas Tech University for the past semester. He is the son of Mr. and Mrs. Archie Carson.

Students named to the honor list must have a grade point average of 3.0 or better.

## YOU CAN HELP—

## Center Has Needs

A list of items needed at the Hamlin Day Care Center has been compiled by Mrs. Bobby Crowley, director, and Mrs. L. C. Bonds, BCD executive secretary.

## Curfew

Curfew laws, designed to keep youngsters off the streets at night, have been around for almost 100 years. But only recently have the courts been taking a close look at their validity. Does a city have the legal authority to put limits on anybody's freedom of movement?

The basic idea has generally been approved. One youth, arrested under a curfew law, challenged it as a form of discrimination against younger people. But the court pointed out that minors are lawfully singled out with regard to everything from marrying to driving, from attending school to buying liquor.

Upholding the law, the court said:

"Children are under recognized disabilities in many respects. Because of their lack of mature judgment, they are subject to continuing supervision until they become of age."

Nevertheless, a curfew law may be struck down if it is too broad. Another case involved a curfew that banned all minors from the streets after 10 p.m., with almost no leeway for exceptional circumstances.

In a court test, the judge noted that this law could punish youngsters coming home from evening classes, from work at the library, from school games or dances, even from church activities.

Finding the law invalid, the court said it violated "the right of every person to enjoy and engage in lawful and innocent activity."

In one recent case, police booked the father of a 16-year-old boy for "allowing" him to be out after the curfew hour.

The court conceded that it was constitutional to punish the parent in such a situation. However, it seems the father had been told—and had honestly believed—that his son was spending the night at the home of a friend. Dismissing the charge against the father, the court said he could not have "allowed" conduct of which he was not even aware.

## NEWS AND VIEWS...

### And What Have You

By BOB CRAIG

According to a news release from the Department of Treasury, for every penny in circulation, there is one in hiding. The Treasury has launched a campaign to get these pennies back into circulation because of the current shortage.

According to their estimates, there are 30 billion pennies in circulation and a like amount hidden away in dresser drawers, shoe boxes, pickle jars and just about anyplace else that pennies can be lost or hidden.

According to the news release, one billion pennies returned to circulation would save the taxpayers \$10,000,000. If just half of the missing pennies (15 billion) were returned to circulation, the Mint wouldn't have to make pennies for almost two years and it would represent a saving of \$150 million.

In an effort to get some of the pennies back into circulation, the Treasury Department is offering a special citation to the individual or group that returns \$25 or more in pennies to the bank.

But maybe more important than this certificate is the possible inflationary effect this current penny shortage could have. If pennies become too short in supply the old 19 cent item will become 20 cents, the 49 cent item will become 50 cents and the 98 cent or 99 cent item will become \$1.

And before the price of copper took a drop, there was some talk of doing away with the penny and going to a 2½ cent piece. But if you did that what would happen to the popular 1 cent sale? And what would you call penny-ante? What about all of those old homey sayings? How would you like "Two and-a-half-cents saved is two-and-a-half cents earned?"

Maybe we all just need to look around and get those pennies back into circulation before we bring the whole economy to a halt—for the lack of a cent.

The following is reprinted from the Perryton Herald. While we do not have the feed lots in this part of the country that they do up in the Panhandle, cattle is still one of our major agricultural commodities and our problems are the same as theirs.

"The plight of the cattleman, who has taken a financial beating for the past 15 months, hasn't attracted much attention outside the immediate area where he is being skinned.

"Unfortunately, in the metropolitan areas of this country, the drop in cattle prices is cheered because to a city dweller it means cheaper meat in the market.

"The sad thing is that although cattle prices have dropped alarmingly, there has been only a small drop in the price of meat.

"The cattle feeding industry has grown to be a giant in this part of the country and due to a fortunate combination of climate, availability of sites, closeness to feed grains, the beef industry has turned out fat cattle for packing houses at the most economical rate ever before known.

"Right now, there is not a feedlot that is not in financial trouble. Some of them are bankrupt and others are close to it. Some of the largest and strongest financially are going under.

"This situation will not mean cheap beef for the housewife. It will mean that the supply of fat cattle will dry up and there will come a time when meat will have to be much more expensive because there won't be much of it.

"Rep. Bob Price has introduced a bill to establish a \$3 billion revolving loan insurance and loan guarantee fund, at 5.5 percent interest,

**NEW EQUIPMENT**—Melvin Scott, right, combination man for Southwestern Bell Telephone Co. here, shows Mrs. Bob Tegart, a former employee the involved wiring being installed along with other equipment to make ready for changeover expected July 1. The extended area service will include Stamford and Anson. Mrs. Tegart was chief operator here until her retirement.

### Phone Users Must Dial All 7 Digits

Effective June 17, Hamlin telephone customers must dial all seven digits when calling other Hamlin numbers, according to Bud McCasland, area manager for Southwestern Bell Telephone Company. He said the first seven digit dialing will be required because of the forthcoming extended area service arrangement with Stamford and Anson.

"We realize," McCasland said, "that Hamlin customers have dialed only the last five digits of local telephone numbers for years, but necessary equipment modifications will now force dialing of the first two digits as well."

"The prefix digits for Hamlin are 576. As of June 17 if only five digits are dialed the call will not go through," he added.

### \$1.50 PER \$100—

## School Board Adopts Same Tax Rate Again

The Board of Trustees of the Hamlin Independent School District voted to set the tax rate for the coming year at \$1.30 for local maintenance and 20 cents for bond retirement, for a total of \$1.50 per \$100 valuation. This is the same rate as this past year.

A projected 38 percent increase in oil values is expected to permit the School District to meet the increased costs of operating the district at the old rate. The oil values are expected to increase \$3.4 million over the past year.

Total values for the district are projected at \$28,164,003. The total budget for the district for the coming year will be \$748,107 which will include a cost of living increase for all employees as well as other increased cost of operating the schools.

The board voted to seek additional bids on repairing the roof damage to the Elementary School Building. The roof was damaged in the hail storm earlier this year.

The board also accepted the resignations of five teachers and two aides and granted a leave of absence to one teacher. Teachers resigning were Miss Lola Milstead, junior high math; Maggie Seymour, fifth grade; Ray Hill, high school math; Steve Cochran, high

### Country Club Partnership Tourney Starts Saturday

The Hamlin Country Club Partnership Tournament will be held this weekend with golfers qualifying on Saturday.

Defending champions will be J. B. Tabor and Jeff Graham, both of Knox City. Long drive and accuracy

contest will be held Saturday about 6 p.m.

A barbecue for all contestants will be held Saturday evening. Extra tickets will be available for \$2 each.

Six eight team flights will be in competition. Entry fee is \$22.50. Prizes will be set of Wilson irons, first; set of Wilson woods, second and Wilson bag, third.

Jim Hastings is tournament chairman. A number of early entries have been received. A good crowd is expected.

Jim Russell Stinnett, son of Louis Stinnett, received a two-year associate degree during spring commencement at Tarrant County Junior College in Fort Worth.

### New Pastor Named Here

The Rev. Jim Smith, pastor of Northridge United Methodist Church in Lamesa, will assume the pastorate of First United Methodist Church this week. He will succeed the Rev. Johnnie Williams who moved Wednesday to Crosbyton.

The Rev. Smith and his wife have one son, 7, and a daughter, 4.

school distributive education; and Elizabeth Motley, third grade.

Aides resigning were Julie Villareal and Estella Gomez. They were replaced by Deloris Washington and Vera Hooper. Mrs. Randy (Rebecca) Brown, first grade teacher, was granted a leave of absence.

The board is seeking two kindergarten teachers, two math teachers and a D.E.

### Spray Program Office Opens

The Jones County Bollweevil Association office will open in Anson Monday, June 17, for signing up for the early season bollweevil control program. The office will be open from 8 a.m. until 5 p.m., Monday through Friday. Price of the program will be \$1.95 per acre.

### To Meet Mon.

The Hamlin Ag Club will hold their regular monthly meeting at the high school Vo-Ag building Monday night, June 17, at 8:00 p.m.

Jim Arnold of the Spur Experiment Station will bring the program. He will tell of the success of the dry-lot cow-calf operation at the Station.

### TO OPEN MONDAY—

## Child Day Care Center Sets Open House Sunday

Open house at the new Child Day Care Center will be held Sunday afternoon from 3:30 to 5 o'clock. The Center which is set up to care for 35 children, located at the corner of North Central and East Lake Drive, will open Monday morning.

The public is invited to attend the open house to see the building and furnishings that have been prepared for the use of the center.

The Day Care Center is sponsored by the Hamlin Board of Community Development but it became a community project to make it a reality. Last October to raise funds to begin the center, a city-wide carnival was held at the Jaycee Community Building with many organizations participating.

After McCoy Funeral Home moved to a new location, the firm agreed to allow the BCD to have the building on a lease-purchase agreement.

Mrs. L. C. Bonds, BCD executive secretary, said the BCD has only to make payments on the building and did not have to pay any equity in the building.

She said if the BCD pays off the remainder of the note, the building belongs to them, but if the day care center folds before the note runs out then McCoy will take the building back without any penalty.

Several setbacks in the preparation of the facility delayed opening of the center but all seems to be in readiness for the Sunday open house and Monday opening. Paperwork for the licensing was time consuming and some problems with plumbing were encountered. The roof was damaged by hail and will have to be replaced.

During the school year the vocational agriculture students at Hamlin High School, under the direction of Milburn Wink, took the center as their project for the year.

The 42 youths stripped the wooden fence from around the lot and razed a frame house that was on the back of the lot. The fence slats were used to make benches and stools to go into the play rooms. A playhouse was also constructed for the outside play area.

The vocational agriculture students also built play kitchen equipment.

The building is about 51 by 31 feet and has rooms that will accommodate three age levels. There are three bathrooms, a kitchen area with dishwasher and an office. A milk machine is also to be installed.

### Vo Ag Dept. Offers Course In Welding

As an extra benefit to Vocational Agriculture students, the Hamlin Vocational Agriculture Department is offering welding to its students this summer.

The program started Monday June 10 and the Vo Ag shop will be open to these students on the following dates: June 10 through June 14, June 17 and 21, June 24 through 28, July 1 through 5, July 15 through 19, and July 22 through 26. The program will last from 9:00 to 3:00 on these dates.

The students may come and go as they please, unless otherwise specified by their parents.

The students will learn skills in welding and oxy-acetylene cutting. They may bring equipment in need of repair with them if they wish.

Letters have been mailed to most of the parents. If anyone has any questions on the program, they should call Gary Finley at the high school or at home.

## Bill Cork Wins 440 At National Track Meet

Bill Cork ran a 47.5 in the 440-yard dash Saturday to capture first place in the event at the third Annual International Prep Track and Field Invitational at Mt. Prospect, Ill.

Cork, who holds the Texas Class AA record in this event with a time of 47.2, was competing with the top high school track performers from around the nation.

Cork, who will be 20 Sept. 2, has been ruled too old to compete in the

Mrs. Bobby Crowley will be the director of the center. Two persons will be hired under the Manpower training grant. Two high school dropouts under the age of 22 will be eligible to work in the on-the-job training program.

A number of volunteer workers will also be needed in addition to the hired personnel.

A chain link fence encloses the play area. Children will enter the building at the west entrance.

Applications are being taken this week at the BCD office for children to go to the center. After the opening Monday, the children will be registered at the office at the center. Monday morning Mrs. Fred Smith and Mrs. Harold Williams will assist in registering the children. Headstart children who will be going to the center each day after Headstart classes must be registered. There are several vacancies and parents are urged to register sign up their children soon.

All children will be required to take the same immunizations as those required for public schools. Any children needing immunizations may be taken to the free state health department clinic in Stamford every third Tuesday in the kindergarten center.

The center will continue to be a community project and plans are to have a yearly carnival to help raise funds to carry out the operation.

Golden West Track and Field meet to be held in Sacramento, Calif., and although his first place finish Saturday qualified him for the AAU Junior Championship in Gainesville, Fl., he has been disqualified because of his age for this meet also.

He was accompanied to the meet this past weekend by his track coach, Bill Grissom.

Cork will attend Ranger Junior College this fall on a track scholarship.

**PIPER BAND MAJORETTES**—Cheryl Lewis, right, drum major for the Hamlin High School band for the coming season, will be joined by majorettes, from left, Jan Ford, Elise Kelley and Debi Cary, head, in leading

the band during marching activities. Cheryl is the daughter of Mr. and Mrs. Clyde Lewis. Parents of the other girls are Mr. and Mrs. Joe E. Ford, Mr. and Mrs. Parker Kelley and Mr. and Mrs. Robert Cary.

# Miss Reynolds Honored With Gift Tea Here

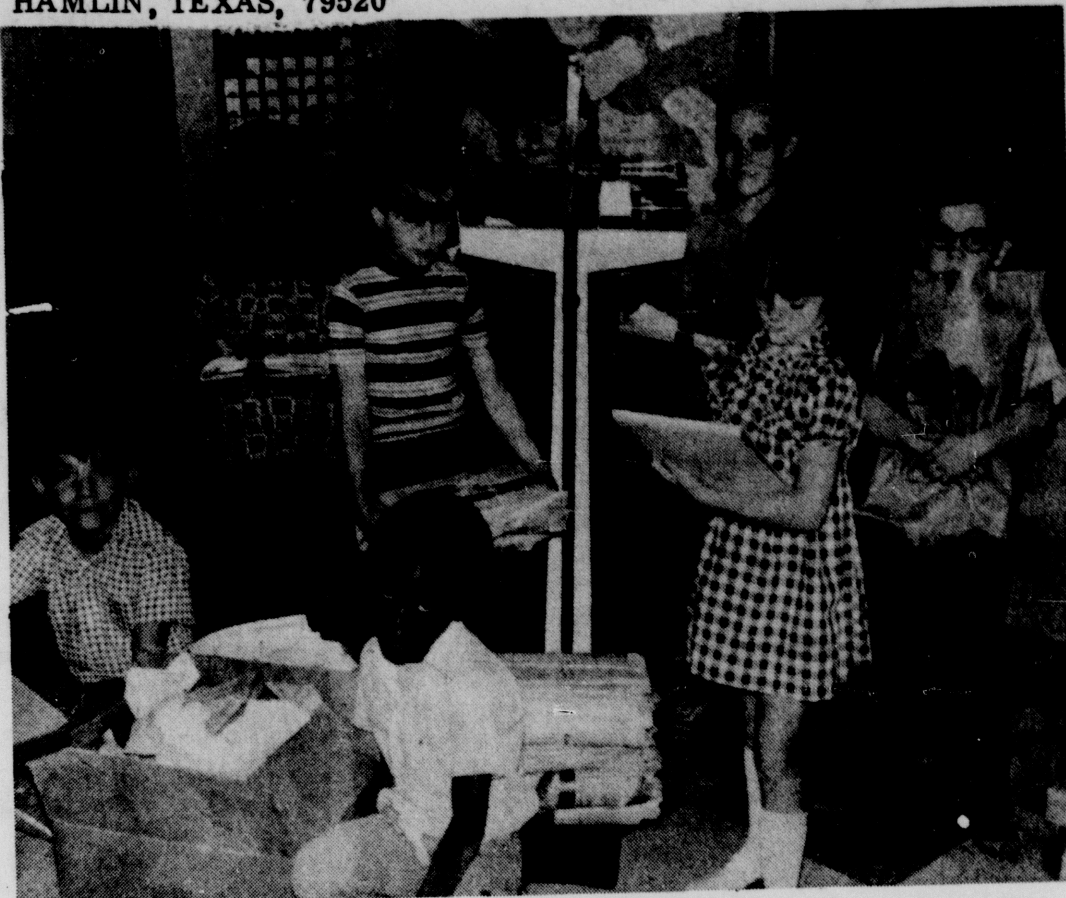

A gift tea in the home of Mrs. M. L. Smith honored Carolyn Reynolds of Austin, bride-elect of Pat Batchelor of Corsicana.

Guests were greeted by Mrs. Smith. In the receiving line with the honoree were her mother, Mrs. Cliff Reynolds Jr., her grandmothers, Mrs. D. W. Stell and Mrs. Clifford Reynolds Sr., and a cousin, Sharon Stell of Hobbs, N. Mex.

The table was covered with a white organdy tiered cloth and centered with an arrangement of spring flowers. Silver appointments were used.

Hostesses were Mmes. Smith, Harvey Elkins, Erma Wallace, Steve Herring, L. J. Cunningham, LaFoy Patterson, B. A. Cumbie of Roby, Roy Pritchard, S. C. Ferguson Jr., J. B. May, Ray Johnson, Ione Cheshire, Ruby Scifres, W. O. Hayes, Fred Teichelman, Charles Absher and Miss Pat Blankinship.

The couple will be married June 30 at 3 p.m. at Windsor Park Baptist Church in Austin.

**CONTRIBUTE TO PAPER DRIVE**—During the school year these second grade students collected papers each week for the city-wide waste paper drive. Here, the students are shown weighing in 89 pounds to bring the total collected for the year to 776 pounds. The students are left to right, kneeling, Louis Lechuga and Earl Titus; standing, Virginia Romero, Brenda Benningfield, Richard Eaton, Donald Williams, Scotty Skiles and in front, Regina Kelly, with note pad to record the weight.

## FHA Officers To Attend Conference

Future Homemakers of America officers, members and sponsors are attending a planning conference Wednesday through Friday at Oak Creek Lake. During the three days, the FHA members will be planning programs and activities for the coming school year.

Those attending are Debi Cary, Susan Howerton, Lisa Absher, Debra Hollis, Patrice Moore, Sherrie Carter, De De Young, Elaine Carlton and Melissa Madden. Accompanying the members will be Mrs. Joe Wayne Carter, Mrs. Pat Willoughby and Mrs. Robert Cary Jr.

## Sunday Brunch Honors Miss Reynolds Here

A Country Breakfast honoring Carolyn Reynolds, bride-elect of Pat Batchelor, was given in the home of Mr. and Mrs. John D. Ferguson Jr., on Sunday, June 9. Mr. and Mrs. John Poe assisted the Fergusons in hosting the Sunday brunch.

Decorations included fresh spring flowers with a country theme. The serving table was covered with a yellow-checked cloth accented with a basket of daisies.

Special guests included the bride's parents, Mr. and Mrs. C. R. Reynolds Jr., and the bride's sister, Mr. and Mrs. O. H. Weaver Jr.

Miss Reynolds and Batchelor were complimented with a backyard supper at the home of Judge and Mrs. Robert Dunn of Corsicana June 1. Special guests were Mr. and Mrs. O. H. Weaver Jr. and Mrs. C. R. Reynolds Jr.

On June 4 in Austin, Sally Hawkins was hostess for a kitchen shower-rice bagging party for Miss Reynolds culminating with a swimming party.

A miscellaneous shower was given in the home of Mrs. Gordon Hext of Austin June 5. Other hostesses were Mrs. Michael Pendley and Mrs. Robert Calleson, both of Austin. Special guest at both Austin parties was Mrs. C. R. Reynolds Jr.

Miss Reynolds and Mr. Batchelor will be married Sunday, June 30, in Austin.

## Bridge Winners

Mrs. W. O. Willbanks and Mrs. L. W. Shivers were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club.

Joe Smith and Bob Preston, both of Abilene were second. Third place was earned by Mrs. Ray Sonnenburg and Floyd Briscoe.

## Ladies Swim Classes Set

Ladies swimming classes will be offered at the swimming pool beginning June 17. Classes will be in the evenings and will be taught by Sharon Grissom.

If any ladies are interested in learning to swim, call 576-3126 for details.

## Baby Shower Honors Mrs. Davis Weaver

Mrs. Davis Weaver was honored with a surprise baby shower Monday evening in the parlor of First Baptist Church.

The table was decorated with yellow and orange flowers in a cradle container. The cake was in the shape of a baby carriage decorated in orange.

Hostesses were Mmes. Sammy Ferguson, Robert Moore, Larry McCoy, Jerry Braley, Dan Newberry, Bobby Stubblefield, Andy Brown and Steve Teichelman and Miss Jana Ferguson.

Special guests were the grandmothers-to-be, Mrs. Irby Weaver and Mrs. John V. Howard.

## BEGINNER, OR EXPERT? sew a unique gift for Dad — it's easy!

Instead of giving Dad the same old box of cigars or bottle of after-shaving lotion for Father's Day this year, why don't you put some special feeling into the day by sewing a gift.

You'll enjoy selecting the right pattern and fabric — and Dad will enjoy receiving his custom-made present.

Whether you are a beginner or an expert, there are many types of fashion and accessory patterns available to fit your skills. A simple

## Gift Tea Held Here for Miss Gallagher

Dana Gallagher, bride-elect of Dwayne Weaver, was honored with a gift tea Saturday afternoon in the home of Mrs. Parker Kelley.

In the receiving line with the honoree were her mother, Mrs. Dan Gallagher, her grandmother, Mrs. R. E. Laird, and her fiancé's mother, Mrs. J. F. Weaver.

Elaine Kelley served from a table covered with a white net cloth. The table was decorated with a spring arrangement of glads, mums and carnations. The flowers were in pastel colors, the bride's chosen colors. Silver appointments were used. Miss Kelley was assisted in serving by Debi Cary and Carla Adair.

Hostesses with Mrs. Kelley were Mmes. John M. Hudson, Gerald Young, Bill Shira, Sam Ferguson, Robert Christian, W. L. Hunter Jr., F. C. Briscoe, R. D. Compton, Frank Shearer, Gene Knabel, C. Weldon Griggs, John Poe, Robert Cary Jr., Jimmy Hale, Glenn Adair, V. V. Anderson and Miss Lola Milstead.

The couple will be married June 22 in the First Baptist Church.

## Lake Proctor Is Site for Scott Reunion

Descendants of the late James T. Scott met for a family reunion at Lake Proctor June 7, 8 and 9.

Attending from Hamlin were Mr. and Mrs. Pete Scott, Mr. and Mrs. Edwin Scott, Mr. and Mrs. Wayne Scott, Sherry and Sherill, Mr. and Mrs. R. L. Nichols Sr., Mr. and Mrs. R. L. Nichols Jr., Shayla and Brandi, Mrs. Rowena Jackson and Mrs. Cordie Nichols.

Other relatives attending were Mr. and Mrs. Jack Scott of Abilene, Mr. and Mrs. Donny Estes, Randy and Tammy of Brownwood, Mrs. Tom Vecchio, Johnny and Kimberly of Fort Worth, Mr. and Mrs. Jerry Hill and Jerry Jr. of Dallas, Mr. and Mrs. Dale Whitaker, Billy, Lonnie, Jamey, Vickie, Mr. and Mrs. Larry Whitaker and Kim, all of Odessa, Mr. and Mrs. Bill Dart, Mr. and Mrs. Otha Thomas of Lewisville, Mr. and Mrs. Vic Waits, Mr. and Mrs. James Waits, Jeff and Stacy, Mr. and Mrs. Jean Waits and son, all of Cleburne.

Several friends from different towns attended.

wrap-style kimono robe or pair of pull-on swim trunks are quick and easy to sew for any novice. If you're a more experienced sewer, try a tailored blazer or shirt-jacket.

Be a little creative this year when Father's Day arrives. Sew up a unique gift for Dad — and you'll discover that half the fun of giving the present is in the sewing!

Give Father a hobby, and, doctors aver, you may increase his years on this earth.

## OES Installs Nelsons In Ceremonies Here Friday

Mrs. Harold Nelson and Harold Nelson were installed as worthy matron and worthy patron, respectively, in an open ceremony of Hamlin No. 460 Order of the Eastern Star Friday evening in Masonic Hall.

Other officers installed were Mrs. Herbert Crouch, associate matron; Herbert Crouch, associate patron; Mrs. L. C. Bonds, secretary; Mrs. Paul Cooper, treasurer; Mrs. Don Bailey, conductress; Mrs. Thomas Welch, associate conductress; Mrs. J. A. George, chaplain; Mrs. Jack Vaughan, Marshall; Mrs. Charles Brumley, Adah; Mrs. Nelda Montgomery, Ruth; Mrs. R. L. Goodgame Sr., Esther; Mrs. C. D. Bond, Martha; Mrs. Roy Server, Electa; Mrs. A. E. Killon, Warder; and Paul Cooper, sentinel.

Mrs. Nelson chose the following installing officers: Mrs. Carroll White of Anson, deputy grand matron district 2, section 7, installing officer; Mrs. Paul Cain of Sweetwater, co-chairman commemorative medallion committee, installing marshal; Mrs. Bob Allen, of Rotan, music committee member, installing secretary; Mrs. Goodgame, installing chaplain; Mrs. T. T. Brady, installing organist.

Mrs. Nelson's theme is peace, love and harmony and the emblem is the dove. Her chosen colors of orange, green and yellow were used in decorations.

Donnie Nelson, son of Mr.

and Mrs. Harold Nelson, presented the Bible. Clarence Hyer presented the flag.

Mrs. Jack Vaughan presented the officers to the east. Mrs. Nelson gave the officers gifts as they were presented.

Junior past matron and junior past patron jewels were presented by Mr. and Mrs. Herbert Crouch.

A special program of music was presented by Mrs. Ronnie Nelson, Mrs. Pat Carter and Reba Jackson.

Carroll White of Anson gave the benediction.

A reception followed in the Fellowship Hall. The serving table was centered with an arrangement of gladioli and mums. White doves were used on other tables.

Guests from other OES chapters were from Sweetwater, Anson, Stamford, Rotan and Abilene.

## Garden Club Sets Dates for Flower Shows

Dates for the fall flower show of the Hamlin Garden Club was set Nov. 2 and the spring show for Apr. 26, 1975, at a called meeting June 4 in the home of Mrs. Harold Bonner.

Other business at the called meeting included the election of Mrs. Bobby Stubblefield as a new member.

After the business meeting eight of the club members traveled to Roby for a pilgrimage.

Roby Garden Club members greeted the Hamlin group at the home of Mrs. W. W. Morton where coffee and cold drinks were served. Here they viewed the more than 300 varieties of day lilies and other numerous flowers.

Other gardens visited were those of Mrs. Forest Tef-teller, Mrs. Edd Carter, Max Stuart and Mrs. L. L. Stuart.

## FIFTY YEARS AGO (June 4, 1924)

The regular meeting of the Hamlin Chamber of Commerce met, Tuesday night of this week at the Morgan Hotel. There were about seventeen present, but from reports they did considerable business. J. W. Ezell was chosen to represent Hamlin in the Commissioner's Court, in the planning and construction of the Highways that were recently provided for in the bond election. It was also determined to have a picnic in Hamlin at a date to be decided later. Also it was thought best to have an entertainment committee to plan from month to month for suitable entertainment for the regular meetings.

At a later date the Herald will give fuller details about this week's meeting, but we may rest assured that every man present Tuesday night had nothing but the welfare of Hamlin and Hamlin community in view.

Peoples Pharmacy is in new hands again, beginning Saturday of this week. Mr. O. C. Newsom, the proprietor has sold to Sam King, known to most people as the "Garage Man." King was one of the original garage men in Hamlin and is one of Jones County's best business men. Mr. King has some valuable farm lands in this County and on the Plains. He will be welcomed back into the business realm of our city and his friends will wish him success in the drug line.

## TWENTY YEARS AGO (June 11, 1954)

Full-time operation of the big Texas Pacific Coal & Oil Company gas refining plant, seven miles northwest of Hamlin on the Holly Toler place, got underway this week, according to Stanley Davis, T-P supervisor out of the Fort Worth office.

The \$500,000 plant was completed several days ago by Fish Engineering Company of Houston, and test runs have been underway for about two weeks.

A spreading gas-gathering system involving some 15 miles of pipelines in the East Hamlin oil and gas field supplies the plant with raw gas, from which are extracted butane, propane, LPG and gasoline, according to Davis. Residue gas will be sold to the Lone Star Gas Company as soon as pipelines are built by that concern to the T-P plant from nearby major lines of the wholesale natural gas distributor.

Huge storage facilities for the various T-P products have been erected near the processing plant. Gas products will be sold at the plant to wholesale distributors of this area, the supervisor said.

A regular crew of four men or more will be utilized to operate the new plant, which is located near the Texas Pacific field camp that has been in existence northwest of Hamlin for several years.

Best wheat harvest for the Hamlin territory in four years was in full swing this week, as probably half of the crop had been harvested. Incoming grain at the three buying stations was surprising the buyers as well as most of the growers.

While the yields are varying for the region widely because of spotted field conditions due to the recent rains average yields so far tabulated run from 10 to 20 bushels per acre.

High moisture content of the harvested grain was affecting unfavorably the grain market, but buyers were paying \$1.85 per bushel for No. 1 basis wheat Wednesday. The bulk of the grain was going into

the government loan, reported Moore Grain Company elevator. A loan value of \$2.06½ per bushel was in effect middle of the week.

Much of the wheat had already headed out before the recent rains, and this early fruiting matured these heads ahead of others that developed and ripened since the rains. For this reason the wheat has not been uniform for the most part, the buyers told The Herald Wednesday.

## TEN YEARS AGO (June 11, 1964)

Joe D. Hymer, son of Mr. and Mrs. D. D. Hymer, received his doctor of medicine degree from the University of Texas Medical Branch, Galveston Wednesday. He will now go to Fort Worth for internship in John Peter Smith Hospital.

Dr. Hymer was graduated from Hamlin High School in 1953, and received his bachelor of arts from the University of Texas in 1960. He also studied at the University of Wyoming. He is a veteran, having served in the Army. He is married to the former Renee Moore of Hamlin. They have three children, ages 4, 2, and 3 months.

His preceptorship from February through April this year was under Dr. C. U. Callan in Rotan.

After interning in Fort Worth, Dr. Hymer plans to enter general practice.

The sixth annual rodeo sponsored by the Hamlin Riding Club will get underway here Thursday with a downtown parade at 4 p.m. The Hamlin High School band under the direction of Tim Jones will lead the parade. Mary Lois Patterson, drum major, Donna Compton, Jane Ferguson, Lynn Brannon and Glenda Hudspeth, band twirlers, will lead the band. The band will be dressed in blue jeans and white shirts.

Mr. and Mrs. Murl Don Smith of 239 West Lake Drive are the parents of a baby girl born June 6. She weighed 6 lbs. 12 oz. and was named Mindy Sue.

through the Farmers Home Administration, specifically for cattlemen who are now unable to obtain credit through normal loan channels.

"Cattlemen must have capital if they are to restock the feedlots and help insure consumers of a continuing supply of beef. Many experienced cattlemen have lost their savings and equity and have just about run out of credit.

"The other people in this area, business and professional people, have a stake in the future of the beef industry because this has grown to the point where it generates millions of dollars for local economies and provides thousands of jobs in this area. It will be a tragedy if the feedlots have to shut down.

"Cattle people are used to being in a market which has its ups and downs. But they are not used to being in a market which has been zooming downward for so long that the entire industry is sick.

"Something has to give, and something has to happen pretty soon to give some relief to the cattle industry or it may be a long time before we can afford beefsteak. There just may not be any."

## Mrs. Williams Dies In Calif.

Graveside rites for Mrs. Lucy B. Williams, 82, of Napa, Calif., formerly of Hamlin, were held at 10 a.m. Wednesday in the Afton Cemetery. McCoy Funeral Home directed. She died Friday at Nevada City, Calif., where funeral was held Sunday.

Mrs. Williams, the former Lucy B. Cooper, was the daughter of the late Mr. and Mrs. Ben Cooper. She and her husband, Perry O. Williams, lived in Hamlin and in California. He died in 1962. She moved back to California about five years ago.

She was a member of the Methodist Church.

Survivors include a son, Carl of Nevada City; a daughter, Josephine Sparks

of Napa, Calif.; a sister, Lillian Droke of San Antonio; several grandchildren and great-grandchildren, nieces and nephews. Two sons preceded her in death.

Nieces and nephews who live here are Mrs. S. C. (Mary) Hollis, Paul Cooper, Reed Cooper, Roy Cooper, and Elmer Cooper.

**THE LIVING BIBLE.** Paraphrased is available at the Hamlin Herald.

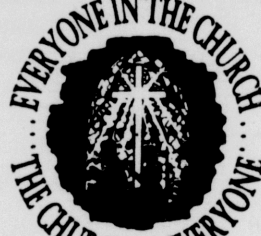

## America the Beautiful...

From the time that Columbus discovered America... men have thought of this country as something special. It was here that Ponce de Leon sought the Fountain of Youth, and men have long admired America's majestic mountains and beautiful valleys. However, the real beauty lies not in the land, but in the people. The people came... seeking a land where they could worship God in freedom, and under God developed a kind and loving spirit. This is what makes America beautiful.

Attend church regularly... help keep America beautiful.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Neinda Philosopher Figures Way For Everybody to Get Rich On Market

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One is having a hard time understanding the stock market, his letter this week indicates.

Dear editor: While it has always seemed to me they were taking up time that could have been used for something more interesting, the television network newscasters every evening always give a report

on the day's stock market, how many shares were exchanged and how many points the average share rose or fell. To me this is about as interesting as a nationwide weather report on what the average temperature was for all 50 states at 2 o'clock in the afternoon.

However the other day something new crept in. Walter Cronkite reported that when a major bank in New York reduced its prime interest rate from 11.75 per cent to 11.60 per cent the stock market gained 19 points.

What this proves is that nobody listens to the networks' stock market report, because if they did somebody would figure out that if a drop in the interest rate of fifteen-one-hundredths of a cent can send the stock market up 19 points, think what dropping the interest rate a nickel would do.

If everybody in the country bought some stock a day before the interest rate came down, everybody would wind up rich, could pay off his bills and go back in debt at a much lower interest rate.

But times are too out of joint for something as simple as this. Why I read just the other day that a candidate had been indicted before an election. I never heard of that before. I thought you always waited till a man was in office and then indicted him. Then if he pleads guilty you give him a probated sentence so he can be free to write a book.

Say, I hope President Nixon is taking some experts along with him when he visits Russia so they can study capitalism. I understand the Russians, during the oil boycott which they secretly promoted, sold their oil right and left at double the usual

## NEWS FROM

# McCAULLEY

By MRS. FRED KEMP

An apology to Celotex for referring to them as U.S. Gypsum in our last weeks news.

Mr. and Mrs. Pete Forbes are sporting a Maverick recently acquired.

Jana Jeffrey has a new Grand Torina-graduation present from the parents, I suppose. Jana will attend McMurry this fall and plans to commute.

Newly elected school personnel already on the field are Paul Morris, superintendent who will assume his position July 1 and Larry Long, Coach. Mr. Morris lives in the Baptist Parsonage and Mr. Long has moved a trailer house next door to the Methodist church.

Larry and Nancy Rutledge are moving to a ranch near Lampasas in the near future. Larry has been our Ag chief the past few years and Nancy served as Teacher's Aide last year. We'll miss the Rutledges but expect they will enjoy ranching. Mr. Rutledge will be on duty until July 1 when he will turn the agriculture duties to Donnie L. Swink from Tarleton.

Tracey Dowell and Roy Hennington are redecorating the interior of the Post Office today.

Mrs. Vada Potts had several visitors this week. Her daughter Mrs. Doris McCarty and granddaughter Pattie Lou came Friday and

price and made enough profit to pay for the wheat they bought from us a year earlier at about half price with money they borrowed from us.

Yours faithfully,  
J. A.

spent the weekend. Daughter Shirley and husband Russel McClure came Sunday. Sunday afternoon Dixie Boyd and children Donnie and Mary stopped by. They had been visiting Mrs. Louis Boyd of Snyder. The Boyds have farms and many good friends in the McCaulley Community.

Gene Steele and family visited this weekend in the home of Gene's parents, Mr. and Mrs. Virgil Steele.

Mrs. Bobby Yates, Russel and Mark visited in the home of Mrs. Frank Allen Sunday.

The Jeffrey girls, Julie, Fonda and Jana are helping out in the Jeffrey Country Store this summer.

Farmers are taking advantage of good weather to patch up crops damaged by sand, water and hail last week. Duane Stephens stopped by the store and wondered how some people—we won't say who—have time to do a little fishing.

I believe Coach Larry Long is taking an inventory of athletic equipment—basketball suits, jerseys and the like. If you still have some on hand how about checking them in to him.

James and Max Kemp attended a 4-H Recordbook Planning Meeting in Roby Monday. It is time for 4-H Records to be completed and evaluated. At the recent 4-H Round-up in College Station last week one of the boys, Mark Guelker, was awarded a \$4,000 scholarship which will be very helpful in paying college expenses. 4-H Records well prepared helped Mark achieve this scholarship.

Brad and Stephanie Reed attended Bible School at the Church of Christ in Hamlin last week.

Linda Green has been visiting with parents, friends and relatives in Seminole the past week.

## COYOTE CONTROL MEETING SET IN HASKELL TUESDAY

A meeting to train farmers and ranchers on the use of the M-44 with potassium cyanide for coyote control will be held in the Community Building of the Haskell National Bank in Haskell on Tuesday, June 18 at 2:00 p.m., according to Jones County Extension Agent Kirby Clayton.

Only those who take the training will be allowed to use the potassium cyanide on their place.

If you need additional information please contact the County Agent's office.

## Lessons Set

Friday is the last day to sign up for swimming lessons according to Coach Bill Grissom who will teach the lessons.

Lessons will begin Monday, June 17, and there are still a few openings left, he said.

Visiting during the weekend with his parents Mr. and Mrs. Monroe T. Tabb was Monroe Erickson Tabb of McCamey and his sons Eric Wayne and Vance. Joining them Sunday were the Tabb's daughter and family Mr. and Mrs. Marvin Pearce, Larry and Twyla, Mr. and Mrs. David Pearce and Gary, all of Abilene, Mr. and Mrs. Stephen Pearce of Los Angeles, Calif. Stephen is a

senior in L.I.F.E. Bible College. During the weekend the Tabb men caught about 60 to 70 pounds of catfish. Bob Tabb, also of McCamey, a student at Texas Tech University is living with his grandparents during the summer while employed by Shell Oil Co.

## Guild Sets Workshop For Writers

The fifth annual Abilene Writer's Guild Workshop will be held June 21-22 at Hardin-Simmons University, with a faculty of four experienced writers.

Dr. Mary Capps of Snyder, Okla., will open the workshop with a discussion of poetry in the session of Friday morning, June 21. Dr. Capps has published four books of poetry and written numerous articles.

Vera Holding of Norman, Okla., will discuss article writing during the Friday afternoon session, stressing writing for the beginner and writing religious articles. She has published six books of poetry and prose and sold more than 100 articles in 1973. She teaches creative writing at Oklahoma University.

Elmer Kelton, noted farm writer from San Angelo, will discuss the selling of fiction Saturday morning with emphasis on the current market, particularly in the paperback field. Kelton has written 18 novels and is the winner of the Spur Book Award.

Jane Mosely of Austin will conduct the final session Saturday afternoon, discussing picture books from the standpoint of the editor. She is editor of children's books for Steck-Vaughn Publishing Co. in Austin.

Fee for the workshop is \$15 for the four sessions, or \$7.50 per day. Accommodations are available on the H-SU campus. Dorm reservations should be made with the Student Life Office at H-SU. All big country residents are invited to participate in the workshop. For registration write Mrs. Elva Morrison, 833 Briarwood, Abilene, Texas 79603.

# Cheryl Lewis to Attend Farm Bureau Seminar

Cheryl Lewis, daughter of Mr. and Mrs. Clyde Lewis, and John Trice of Lueders have been selected by the Jones County Farm Bureau to attend the 12th annual High School Students Citizenship Seminar to be held July 15-19 in Waco. J. C. Moss of Anson, president of the county bureau, made the announcement.

The Jones County youth will be among more than 500 students from over the state entering the eleventh and twelfth grades in September who have been selected to attend the seminar on the basis of leadership ability and scholastic achievement.

Sponsored by the Texas Farm Bureau, the seminar is held on the campus of Baylor University. Its purpose, according to Moss, is to convey to the students a better understanding of our American heritage and the capitalistic private enterprise system "that has made ours the greatest of all nations."

He also said they will be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

Attendance is not limited to students from Farm Bureau families, but is open to those who reside in towns or cities as well as rural areas. Their attendance is sponsored by the local county Farm Bureau.

## Gary Carson On Honor List

Gary K. Carson was named to the Dean's Honor List at Texas Tech University for the past semester. He is the son of Mr. and Mrs. Archie Carson.

## THE FAMILY LAWYER

### Curfew

Curfew laws, designed to keep youngsters off the streets at night, have been around for almost 100 years. But only recently have the courts been taking a close look at their validity. Does a city have the legal authority to put limits on anybody's freedom of movement?

The basic idea has generally been approved. One youth, arrested under a curfew law, challenged it as a form of discrimination against younger people. But the court pointed out that minors are lawfully singled out with regard to everything from marrying to driving, from attending school to buying liquor.

Upholding the law, the court said: "Children are under recognized disabilities in many respects. Because of their lack of mature judgment, they are subject to continuing supervision until they become of age."

Nevertheless, a curfew law may be struck down if it is too broad. Another case involved a curfew that banned all minors from the streets after 10 p.m., with almost no leeway for exceptional circumstances.

In a court test, the judge noted that this law could punish youngsters coming home from evening classes, from work at the library, from school games or dances, even from church activities.

Finding the law invalid, the court said it violated "the right of every person to enjoy and engage in lawful and innocent activity."

In one recent case, police booked the father of a 16-year-old boy for "allowing" him to be out after the curfew hour.

The court conceded that it was constitutional to punish the parent in such a situation. However, it seems the father had been told—and had honestly believed—that his son was spending the night at the home of a friend. Dismissing the charge against the father, the court said he could not have "allowed" conduct of which he was not even aware.
